### A SYSTEM OF REGISTRATION

Has been adopted, and all letters, whether containing coin or not, can be *registered* on payment of a registration fee of one shilling, in addition to the ordinary rates of postage on Inland and Colonial as well as on Ship or Foreign letters, or letters passing through France. On those for delivery within France, the charges, besides the registration fee of one shilling, will be the English rate to France, in addition to double the French rate to the place to which the letter is addressed. A printed acknowledgement torn out of the receipt book, and stamped with the office stamp, will be given to any person registering a letter. Registered letters will be taken until within half-an-hour of the closing of the box for the particular mail by which they are to be despatched. Registered letters bearing a sufficient number of stamps, will be considered paid letters, but the registration fee of one shilling must always be paid in money.

In the case of Foreign, Colonial, or Ship Letters, it must be clearly understood that registration cannot extend beyond the port of despatch in the United Kingdom, though parties, if they wish it, may register such letters as far as the port of despatch. Letters, however, addressed to France, and letters passing through France are exceptions to this rule—the French Post-Office undertaking to provide for their security till they shall have been delivered, if addressed to France, and so long as they remain in the French territory, if passing through France.

The arrangements for carrying out the system of registration have been made with the view of insuring the punctual delivery of registered letters: on their delivery, the parties to whom they may have been addressed, will be required to acknowledge in writing their receipt.

### MONEY ORDERS.

MONEY ORDERS are issued and paid in Perth between the hours of nine A.M. and six P.M. except during the short intervals when the office is closed for making up and despatching mails, &c. The commission on orders for any sum not exceeding £2 is *threepence*, above £2, and not exceeding £5, *sixpence*.

In cases where personal attendance is inconvenient, if the order is receipted by the person to whom it is made payable, and the party presenting it for payment can afford full information as to the christian name, surname, address, and occupation of the person who originally obtained the order, payment will be made; but unless these conditions are strictly complied with, it will be refused.

## PENNY POSTAGE.

The limit of weight to be conveyed by Post, is 16 oz., unless intended for the Foreign Delivery, or for any of the Public Departments, and unless the Packet consists of Parliamentary Proceeding, Petitions, or Addresses to the Queen, &c.

### RATES OF POSTAGE.

INLAND LETTERS not exceeding half an ounce, are charged 1d.

Exceeding half an ounce, but not exceeding 1 ounce, 2d.

"	1 ounce,	"	2 ounces, 4d.
---	----------	---	---------------

"	2 ounces,	"	3 ounces, 6d.
---	-----------	---	---------------

And so on, an additional 2d. for every additional ounce. With but few exceptions the weight is limited to 16 ounces. Unstamped letters are charged double postage on delivery. Those insufficiently stamped double the amount of such insufficiency.

### MODE OF PAYMENT.

Letters, &c. may be prepaid either by cash labels or covers.—That is to say there are 1d. and 2d. adhesive labels, which being stuck on the face of the letter, may be used to represent so much money there are, also 1½d. and 2½d. envelopes subject to the same regulation except as to the farthing.

*Stamps* (provided they cover the whole postage), may also be used on Foreign, Colonial, and Ship Letters, &c., outwards. If any letter, however, addressed to places beyond sea to which prepayment is compulsory, shall bear an insufficient number of *stamps*, it will be sent to the Dead Letter Office, to be returned in all practical cases to the writer.

Adhesive Stamps should be placed on the right hand corner above the Address of the Letter, and the stamped half sheets should be so folded that the stamps should be in the same position; if this precaution is neglected, from the rapidity with which the duty must be performed, such Letters will probably be taxed, and the parties receiving them will be put to much trouble in obtaining a return of the Postage charged.

Non-Commissioned Officers, Captain's Stewards, Seamen, and Soldiers, to and from the East Indies by the Overland Mails, "*via* Southampton," can send and receive Letters, under the weight of half-an-ounce, on their own private concerns only, while they are employed in Her Majesty's Service, or the Service of the East India Company, for one penny.

And the Penny must be paid at the time it is put into the Post Office, and the direction must specify the class of person, and the Ship, Regiment, or Corps to which he belongs. And the officer having the command must sign his name, and specify the name of the Ship or Regiment, Corps or Detachment he commands.

SOLDIER's and SEAMEN's Letters are not liable to any addition postage upon Re-direction.

*Letters going to Seamen or Soldiers.*—The Penny must be paid at the time it is put into the Post Office, and the direction must specify the class of person, and the Ship, Regiment, or Corps; to which he belongs.

The postage upon Soldiers' and Seamen's Letters received from parts beyond sea, without the penny having been prepaid, is two-pence in addition to the Ship Letter gratuity, if received by Private Ship.

Threepence postage is charged on Letters addressed to Soldiers and Seamen to either of the following places:—River Gambia, Sierra Leone, Goree, Senegal, Cape Coast Castle, Fernando Po, Coast of Africa, Ascension (Isle), and China. To St Helena, the East Indies, and New South Wales, one Penny.

*Re-directed Letters* are subject to additional Rates of Postage, but whether the Letter has been originally prepaid or not, they are only liable to be charged at the prepaid rate for the additional Postages which is to be paid on delivery.

*Peers and Members of Parliament* no longer despatch or receive correspondence *Free*; but *Members* of either House are entitled to receive, *Free of Charge*, *Petitions to Parliament*, provided that each Petition is sent without a cover, or in covers open at the sides, and does not exceed the weight of thirty-two ounces.

*Addresses to her Majesty* pass free.

Printed Votes and Proceedings in Parliament, or of the Colonial Legislatures, are charged—

Under four ounces,.....1d.

Above four and under eight ounces,.....2d.

Above eight and under twelve ounces,.....3d.

And so on in proportion; no additional charge will be made upon them if the postage is not paid in advance.

Such Votes and Proceedings, whether paid or unpaid, pass at these rates between places in the United Kingdom, as well as the Colonies, by packet. To those places to which there are no packets, Van Dieman's land for instance, they may be forwarded "by Private Ships," at *double* the above rates. They are not, however, forwarded to the East Indies, *via* Southampton and Alexandria, nor to places through France under the full Rates of Letter Postage. The Postmaster-General is authorized (if he shall see fit) to delay the transmission of Printed Votes and Proceedings in Parliament, for any space not exceeding twenty-four hours from the time at which the same would otherwise have been forwarded.

**LETTERS NOT TO BE DELIVERED BACK.**—To prevent the possibility of Letters being surreptitiously obtained from the Offices where put in, office-keepers are strictly forbid returning, to any person whomsoever, letters that may be applied for, under whatever circumstances the recovery may be urged. This is moreover, forbid by the established principle, that the instant a letter is committed to the Post, it is no longer the property of the Sender.

#### **LETTERS NOT TO BE SEALED WITH WAX WHEN SENT TO WARM CLIMATES.**

The practice of Sealing Letters passing to and from the East and West Indies, and other warm climates, is attended with much inconvenience, and frequently with serious injury to the Letters.

in consequence of the melting of the wax, and adhesion of the Letters to each other.

In the case of mails received from India, considerable delay is occasioned; and notwithstanding the greatest care is taken in separating the letters, which, owing to the cause already mentioned, adhere closely together, many are much damaged and torn: the public are therefore recommended in all cases to use waters in preference to wax, in securing their letters sent to India, or other warm climates, and also to advise their correspondents in those countries to pursue the same course.

It is not compulsory to send Newspapers, or Supplements to Newspapers, by the Post, but those that are intended to be so transmitted, are entitled to pass free. All Newspapers must be sent in covers, open at the sides, and no words or communication may be printed on such papers after the same shall have been published; nor must there be any writing or marks upon any newspapers, or the cover, other than the name and address of the person to whom it is sent; nor any paper or thing enclosed or concealed in, or with such Newspaper or the cover, nor any printed words or communication on the cover, except that Newsvenders ONLY may PRINT their names and addresses thereon. Newspapers may be examined by the officers of the Post Office; and if there be any breach of the above regulations, the packet is chargeable with treble the amount of postage to which a letter of the same weight would have been liable to. And any person who shall write or enclose any thing in any Newspaper or the cover thereof, or shall print any words or communication on a Newspaper, after it shall have been published, to be sent by the Post; or any person who shall knowingly send, or cause to be sent, by the Post, a newspaper, in respect of which any one of those offences has been committed, may, at the option of the Postmaster-General, be prosecuted as for a misdemeanour.

Newspapers pass free by the Local Posts, except in those cases where they shall be posted and delivered within the limits, for the time being of the Post Delivery, when the Postage is one penny on each Newspaper.

All Newspapers going abroad must be sent in covers open at the ends, and put into any Post Office within seven days after the day of Publication.

Tare.	1	0	0	1	1	12	1	2	0	1	3	0

The Tare upon Casks under 8 cwt. is to be allowed at the rate of 14 lbs. per cwt.; but in all cases where the merchant shall feel dissatisfied, he shall be at liberty to have the Casks emptied, and the actual tare allowed thereon.—C. O., 11th Dec. 1821.

The British Plantation Tare is to be allowed on Sugar from St. Lucia, provided the casks are made of the same material as at present, but where any deviation may be observed from the usual package, the officers are to resort to taring one in a given number, and allowing the tare on the whole, according to that so ascertained.

Havannah Boxes, Tare 52lbs. each.—Brazil Boxes, Tare 18 per cent.; except Bahia, which are tared at 13 per cent.

N.B.—No smaller weight is to be used in the weighing of hogsheads, tierces, and chests of Sugar than the 2lb. weight, but in weighing boxes, barrels, and bags, recourse must be had to the 1 lb. weight; this practice is to be observed generally.—Min. C.C. 8 Jan. 1833.

## NEW LICENSING SYSTEM.

The granting of Licenses is now regulated by the Act 9 George IV. cap. 58, entitled “An act to regulate the granting of Certificates by Justices of the Peace and Magistrates, authorising persons to keep common inns, ale-houses, and victualling houses, in Scotland, in which ale, beer, spirits, wine, and other exciseable liquors, may be sold by retail under Excise Licenses, and for the better regulation of such houses, and for the preventing of such houses being kept without such Certificates.” By this Act, the *Magistrates of Burghs* are required to meet on the last Tuesday of April and the last Tuesday of October, in each year, to consider the applications for License certificates within burgh; and the *Justices of Peace* on the first Tuesday of May and last Tuesday of October, in the county, with power to adjourn for seven lawful days after each meeting. The applications must be lodged, and a fee of 2s. paid, ten days previous to such meeting; and the Magistrates and Justices are restricted from granting Certificates except at these statutory periods. The Justices are also empowered to divide their counties into districts, for the purpose of carrying into effect the provisions of the act.—The following is the Perth District of the County, as appointed by the Quarter-Sessions on the 20th September, 1828, viz. Aberdalgie, Abernethy, Arngask, Dunbarny, Dron, Dunning, Forgandenny, Forteviot, Findogask, Kinnoull, Methven, Moneydie, Redgorton, Rhynd, Scone, Tippermuir, Perth.

## LICENSING COURTS.

First Tuesday of May and last Tuesday of October; and Quarter Sessions for hearing appeals in Licensing cases, held at Perth on the last Friday of May and third Friday of November. Applications for Licenses must be lodged, according to a printed form (to be had of the booksellers), with the clerk ten days before the meeting, and appeals must be lodged within ten days before the court.

**T**HE importance of Fire Insurance is now so generally understood, that it is unnecessary to demonstrate its value by illustration or example ; but it, nevertheless, is of great importance to individuals possessed of Insurable Property to inform themselves, by inquiry and comparison, in what Office it is most advantageous for them to effect their Assurances, looking at once to the stability, character, and rates of the various Institutions carrying on the business of Fire Insurance.

The grounds upon which the Directors of the **FRIENDLY INSURANCE COMPANY** claim a preference by Insurers, are as follow :—

*First*—**THE LARGE INVESTED CAPITAL** of the Company.

*Second*—The high character which the Incorporation has maintained during its long existence (125 years), for a **PROMPT and LIBERAL SETTLEMENT of CLAIMS.**

*Third*—**THREE-FOURTHS OF THE FREE PROFITS** of the Business being Septennially returned to the Assured, who are guaranteed from responsibility by the whole body of Proprie-

*The Friendly Insurance Company continued.*

tors, and by an Invested Capital, greatly larger (with one exception) than that of any other Scotch Company, even those established for carrying on *both* Fire and Life Insurance; and thus, although a Proprietary Company, the Friendly affords the advantages of a Mutual Insurance Company, without the concomitant responsibilities to which Members of such Institutions may be liable, if not under judicious management.

*Fourth*—This Company has never increased the Rates for Fire Insurance, which are still as formerly, viz.:

1st Class.	2d Class.	3d Class.
1s. 6d. per cent.	2s. 6d. per cent.	4s. 6d. per cent.

*Fifth*—A RETURN OF TWENTY PER CENT. was made to the Assured from 1832–9, and that Return was not confined to Policies current during the whole of that period, but extended to the total Amount of Premiums received during these years, whatever the duration of the Insurances.

*No expense attends the Transfer of Policies from other Offices.*

PRINTED PROSPECTUS, showing the rates and conditions of Insurance, may be had on application at the Head Office, or at any of the Branches.

*To secure Provisions for persons of all ages in after years;*

The Company also grants **LOANS** on Personal Security conjoined with Life Assurance, and on Redeemable Annuity and otherwise. The Policies of this Company are *unqualified by any conditions* limiting the liability of the Company thereon, and are also expressly declared to be *indisputable and indefeasible*, except when they have been obtained by fraud or undue concealment.

The interest of the Assured is also protected by the *large Capital* and *numerous body of Shareholders* of the Company; and the Company's Policies are thus made to afford an *absolute guarantee* to the Assured.

Forms of Proposal for Life Assurance, and all further information as to the Company's terms of business, will be furnished by the Manager, at the Head Office of the Company in Dundee; and in Edinburgh, on application to Mr BINNY, W.S. **T**HE many advantages of this Institution, both in **LIFE ASSURANCE** and **DEFERRED ANNUITIES**,—power to borrow two-thirds Premiums paid, without expense or forfeiture, already acted on to nearly L.17,000—great reduction of Rates on short Policies—option of selecting benefits and converting Policies to suit the interest of Policy-holder during life, and to afford the full benefit to family at death—moderate Rates, and annual division of Profits,—have been appreciated by the public. The Society has more than doubled its business since 1840. Its continued prosperity enabled the Directors, at their Fifth Annual Meeting in May, to declare a Bonus, on the average, equal to 60 per cent. on annual premiums if added to policy,  $16\frac{2}{3}$  per cent. in cash, or 2 per cent. in permanent reduction on premiums.—Thus, for example,—

*National Loan Fund Assurance Society continued.*

## LIFE ASSURANCE.

**T**HE continued success which has attended this Establishment, arising chiefly from a careful selection of Lives, and prudent management, is a strong inducement to parties to avail themselves of the benefits of joining this Association, benefits which they cannot elsewhere more completely attain through the medium of Life Assurance.

The Directors have recently revised the rates of Premium, and have adopted several additional tables to give every facility to Insurances being effected to cover any contingency which may arise; and while the Policies are made as serviceable to the holders as it is possible to do, the utmost liberality is shown in the general details of management, a matter frequently of considerable importance to the Assured.

The following are a few of the advantages derived by Policy Holders:—

- 1st, Perfect security from the subscribed capital and accumulated fund from Premiums.
- 2d, Premiums as low as safety will permit, and calculated recently from the most approved Table of Mortality,
- 3d, Five-sixths of the Profits divided amongst the Participation Policies, a larger share than most Offices allow.
- 4th, One-half of the Annual Premium may be paid for the first five years, with interest on the remainder, the other half being allowed to accumulate as a debt against the Policy.
- 5th, Loans given on Policies to the extent of half the sum insured, on approved security.
- 6th, The strictest secrecy observed in all cases transacted with the Company.
- 7th, No Entrance Money charged.

## FIRE ASSURANCE.

The Premiums charged by this Company are now so moderate that no prudent person should neglect to protect themselves against the risk of their property being destroyed by Fire.

Losses are settled with promptitude and liberality, and every information given, gratis, on application at the Office.

*The Scottish Freemason's Life Association continued.*

**A**LTHOUGH this Association has been founded under the immediate sanction and approval of THE GRAND LODGE OF SCOTLAND, it is in all respects a *public one*, and transacts business with ALL APPLICANTS, whatever may be their station or sphere, on the principles of MUTUAL ASSURANCE.

The great object and aim of this Association is to place the benefit of *Life Assurance* within the reach of every individual in the country, however limited his circumstances may be.

*Policies are issued for sums of £10 and upwards.*

*Payment of the Premium* is received by one payment, by yearly, half-yearly, quarterly, or other such instalments as may suit the convenience of the Assured.

The Policies will at all times form a security on which members can borrow the full value of their Assurance, on a receipt and deposit of the Policy.

No Entry Fees are charged on admission, neither are arbitrary fines imposed on members who may be at any time prevented from paying a premium when it falls due.

Policies for £20, and under, are payable *immediately on proof of death*. Policies above that sum are payable *one month* after such proof.

TABLE showing the Annual Premiums required for an Assurance of £10, £20, or £100, to be paid on the death of the Party Assured, with right to Periodical Additions from the profits of the Association:—

Age.	Annual Premium for £10	Annual Premium for £20	Annual Premium for £100
15	L.0 3 4	L.0 6 8	L.1 13 0
20	0 3 9	0 7 5	1 17 2
25	0 4 3	0 8 6	2 2 4
30	0 4 11	0 9 9	2 8 7
35	0 5 7	0 11 1	2 15 6
40	0 6 6	0 13 0	3 4 8

And any of the intermediate ages, and so on.

Thus it will be seen, that a person at the age of 30 can secure the payment of L.10 to his family at his death, FOR THE TRIFLING ANNUAL CONTRIBUTION OF 4s. 11d.; a sum evidently within the reach of the most humble member of the community.

THE SCOTTISH FREEMASONS' LIFE ASSOCIATION being a Mutual Assurance Office, with the benefit, for the first ten years, of a Guarantee Loan—the holders of which being only entitled to one tenth of the Profits—this Association will divide among present Insurers a larger portion of their Profits than any Proprietary Company can, and as large a share as other Mutual Offices, seeing that these Offices must necessarily set aside a considerable part of their Profits to form a Guarantee Fund. The benefit secured, therefore, in a Policy effected with this Association, has the pro-
